## Be part of our Queens Award Winning Team

Hannah

I'm Hannah, I'm a mum to 3 and I started volunteering late in 2022. I have enjoyed meeting new people and helping make the community a happy and welcoming place. I look forward to being more involved in the pavilion project and with carnival in the warmer months.

Sylvia

I'm Sylvia and I'm a volunteer. I volunteer with Nine Red Presents and St Kitts Carnival group. I've helped make costumes as well as wearing them during carnival parades. I started volunteering for the Piece by Peace project in 2022.

Imelda &amp; Denise

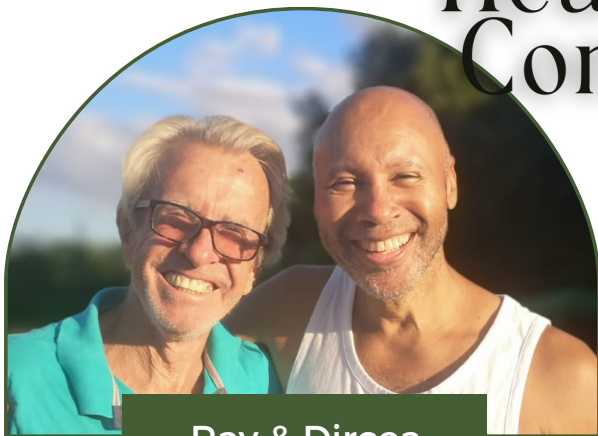

I'm Imelda a director and volunteer since 2003. I wanted to be the change I want to see in our community and our projects help support such a diverse array of people, its so much fun to meet and work with new people.

Val

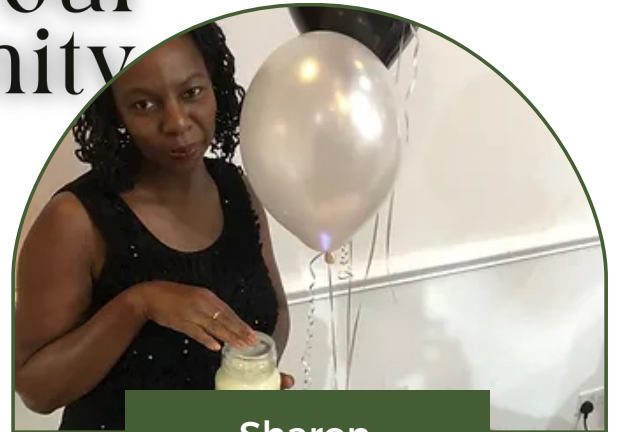

I'm a newbie volunteer at the Piece by Peace project since 2022. The projects that I have seen like the vegetable garden are therapeutic and make a wonderful contribution to the community

## Volunteers are the Heart of our Community

Ray &amp; Dircea

Hi I'm Ray and I volunteer at the Piece by Peace Project. I help out anyway I can with anything. Gardening, cleaning, driving whatever it is to keep things together and moving forward.

Sharon

My name is Sharon of Natureway I volunteer with Nine Red. I like that Nine Red's ethos is about supporting our community with wellbeing on different levels.

## To The Future

---

The Piece by Peace Project is a 3-5 year programme designed to create site-specific, temporary public art that will enliven Leagrave Park and the surrounding area and create a community hub with community ran and led activities. This project is specifically designed to benefit the North of Luton, where very little happens in terms of Art, Culture, Heritage and Well-being.

Working in partnership with LBC, Parks. Dept., Cricket organisations, Football organisations, Friends of Leagrave Park and the local community. The intention is to build a fit-for-purpose, purpose built Community and Sports Centre on the site of the current pavilion, which will be community led.

The plan is to develop the community and use the garden to assist in generating the income to ensure that the community has the running costs and their share of building costs for the new integrated building.
